LIST OF PRODUCTS

Code No.

ENERGY

119.00 ENERGY PRODUCTION
119.01 Measurement, analyses, geolcalresearches
119.02 Production of heat and electrical power
119.03 Power plants - equipment and components
119.04 Generators and power aggregates
119.05 Transformation of power

120.00 POWER DISTRIBUTION
120.01 Equipment for the power distribution network
120.02 Design of power distribution systems
120.03 Switchboards
120.04 Transformers
120.05 Circuit breakers and safeguards mechanisms
120.06 Trade with power

ELTECH

121.00 MACHINES AND COMPONENTS FOR ELECTRICAL AND ELECTROTECHNICAL ENGINEERING
121.01 Conductors and cables for low, medium and high voltage
121.02 Electrical installations components and modules
121.03 Conductor and semi-conductor elements
121.04 Systems for automatic control
121.05 Printed circuit card and integral schemes
121.06 Accumulators, batteries
121.07 Electrical instruments

122.00 LIGHTING DEVICES AND SYSTEMS
122.01 Design of lighting systems
122.02 Light sources
122.03 Components, accessories and equipment, light systems technologies
122.04 Light control systems
122.05 Design software for lighting systems

ENERGY EFFICIENCY

123.01 Cogeneration
123.02 Energy efficiency in building; Heat insulation of buildings
123.03 Energy efficiency in industry
123.04 Improving, control or replacement of installations - electrical, heating or water
123.05 Insulation compounds
123.06 Insulation materials
123.07 Consulting services of energy efficiency and energy saving
123.08 Optimisation of power consumption efficiency

124.00 ENERGY CERTIFICATION
124.01 Energy certification for buildings
124.02 Diagnostics, energy audits
124.03 Testing and certification of plants and systems
124.04 Software for energy diagnostics, audit

125.00 ENERGY SAVING TECHNOLOGIES AND SYSTEMS
125.01 Extra-insulating windows and foils
125.02 Sun-protective reflective and non-reflective foils
125.03 Radiant heating systems, infrared gas heaters
125.04 Construction systems for buildings with low energy consumption
125.05 High-efficiency light systems and components

126.00 MEASURING, TESTING AND CONTROLLING SYSTEMS
126.01 Building management systems, building automation hardware and software
126.02 Systems for integrated energy management
126.03 Automatic regulation elements, Electric and electronic regulation systems
126.04 Pneumatic regulation systems
126.05 Recording and checking systems
126.06 Thermoregulation
126.07 Service measurement
126.08 Measuring instruments for energy consumption

BULTHERM

130.00 HEATING
130.01 Steel boilers, cast-iron boilers, boilers and furnaces
130.02 Liquid and gas fuel burners, two-fuel burners, adaptors
130.03 Heating appliances
130.04 Local heaters for solid, liquid and gas fuels and electric energy (heaters, mantle-pieces, radiators)
130.05 Heat-exchangers
130.06 Heat reservoirs
130.07 Fuel systems
130.08 Energy related services provided by local governments
130.09 Thermal pumps
130.10 Thermostats
130.11 Heating armature

131.00 HEATING INSTALLATIONS
131.01 Steam and water heating boilers
131.02 Boilers for hot water supplying to industrial and public consumers
131.03 Preparation of water, water softening and ion-exchanging agents
131.04 Combustion chambers, grills, screws, fireplaces
131.05 Liquid and gas fueled burners
131.06 Heaters, radiators, bathroom radiators
131.07 Combustion and energy warehouses, reservoirs, combined burners
131.08 Heat-exchanging devices, heat-exchanging reservoirs
131.09 Pipelines, fixtures, emergency and fire-precaution installations
131.10 Control and measuring devices, regulation and automatics
131.11 Valves, flaps, man-holes, thermostats, drivers

132.00 HEATING SYSTEMS
132.01 Heating and cooling thermal pump installations
132.02 Combined production of heat and electricity
132.03 Modular central heating systems
132.04 Control devices, automation
132.05 Components and accessories for heating systems
132.06 Systems and installations for individual heating
132.08 Highly technological heating systems
132.08 Public power schemes, services, projects

133.00 PIPEWORK SYSTEMS AND PUMPS
133.01 Pipelines for steam and hot, cold and warm water
133.02 Insulated pipelines for heating and cooling
133.03 Pumps for cold and warm water
133.04 Pumps for energy industry
133.05 Pumps and pump units for LPG and liquid fuels

CLIMA

134.00 COOLING EQUIPMENT
134.01 Cooling equipment
134.02 Heat exchangers and refrigerating equipment
134.03 Special cooling equipment
134.04 Regulation devices and equipment for cooling systems
134.05 Mobile cooling (freezing) equipment, etc.
134.06 Water chillers

135.00 AERATION AND AIRCONDITIONING
135.01 Airconditioners and airconditioning equipment
135.02 Humidifiers and driers
135.03 Accessories for airconditioners
135.04 Ventilators and filters
135.05 Pumps and dampers

GAS INSTALLATIONS

136.00 EXPLORATION & PROSPECTING
136.01 Equipment, instruments and prospecting drilling machines
136.02 Drilling equipment, machines and instruments

136.00 INDUSTRIAL PETROCHEMICAL AND GAS PROCESSING
136.01 Refining installations and technological equipment for processing of crude oil and natural gas
136.02 Rectification columns, coolers, heat exchangers, reactors
136.03 Converters, spherical reactors, etc.
136.04 Installations for liquid gas transformation
136.05 Control and measuring equipment, automation devices
136.06 Explosions proof equipment, gas and smoke leakage detection
136.07 Fire and emergency shutdown system, Control and measurement.

137.00 GAS SUPPLY OF BUILT-UP AREAS, HOUSEHOLDS AND PUBLIC SECTOR
137.01 Local pipeline systems, engineering, fittings, valves, instruments
137.02 Gas stations, low pressure
137.03 Oil and gas stoves, boilers, heat exchangers, valves
137.04 Maintenance, cleaning, defects detection of oil-gas equipments, protective clothes
137.05 Control and measuring devices for regulation of household gas consumption, gas flow meters, alarm systems
137.06 Trade (import, export and transiting) with oil products and natural gas
137.07 Design, construction, consultations, normative standards, engineering, local gas supply rates

138.00 GAS FILLING STATION
138.01 Equipment for LPG station
138.02 Equipment for Methane station
138.03 Tanks
138.04 Compressor system
138.05 Electronic LPG dispensers

139.00 PROTECTION OF WORKERS
139.01 Protective helmets
139.02 Working clothes
139.03 Fire and chemical resistant working clothes and shoes
139.04 Safety belts, straps, masks, glasses, gloves

140.00 ENVIRONMENT PROTECTION
140.01 Installations for environmental protection
140.02 Control of air, soil and water pollution in the drilling region
140.03 Industrial pollution control
140.04 Technology for collecting of petroleum from water surface
140.05 Fire prevention equipment for threaten regions
140.06 Waste management/ recycling

141.00 SERVICES
141.01 Energy service companies
141.02 Banking & financial services
141.03 Insurance services
141.04 Leasing services
141.05 Investment projects
141.06 NPO in the branches of energy and energy efficiency
141.07 Publishing houses
